Santa Fe High School	2018	18 years old- 23 years old

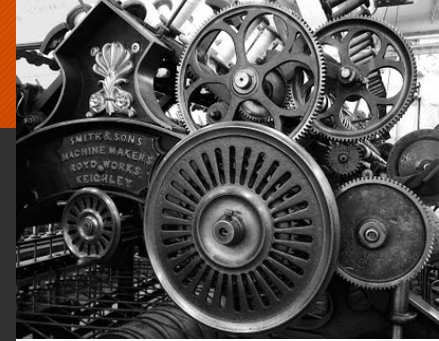

TV Shows

The Andy Griffith Show

TJ Hooker

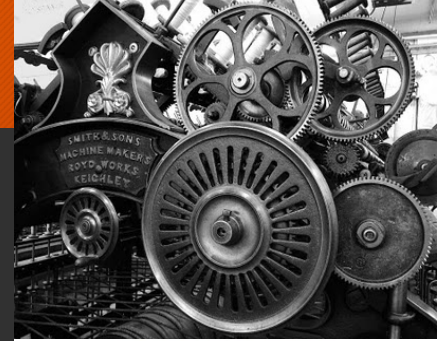

CSI-Shows/Law and Order

Minority Report

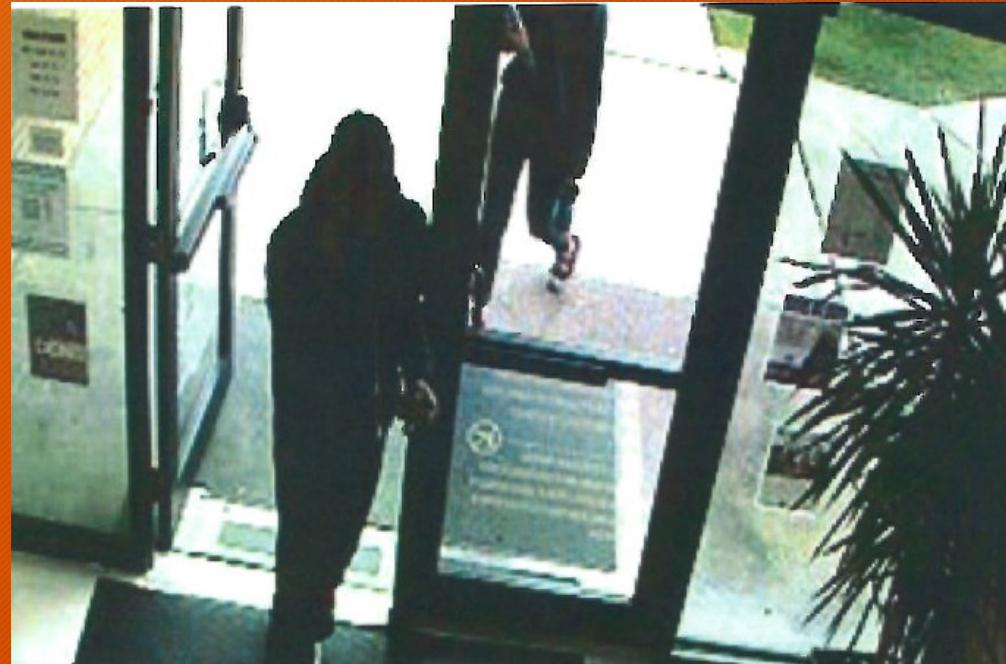

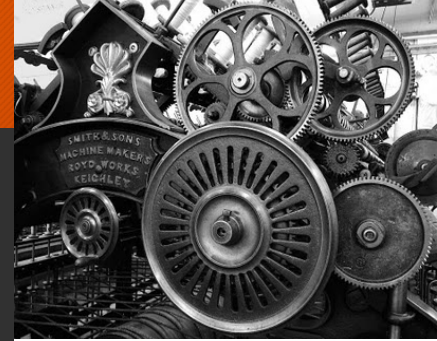

Basics of Technology

- Computer:
- Records Management System:
 - Clery 1992- Was signed into law
 - UCR to NIBRS 2019- Flat Files
 - Crime Analysis
 - Burglary of Motor Vehicles
- Tablets or phones:
 - Standards and General Orders
 - Apps

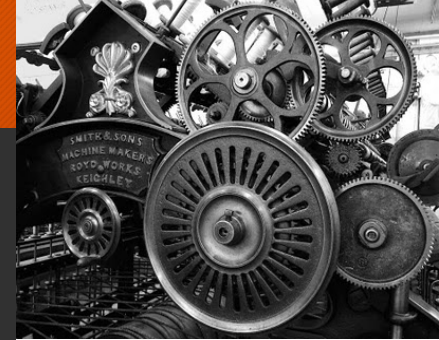

Basics of Technology Cameras

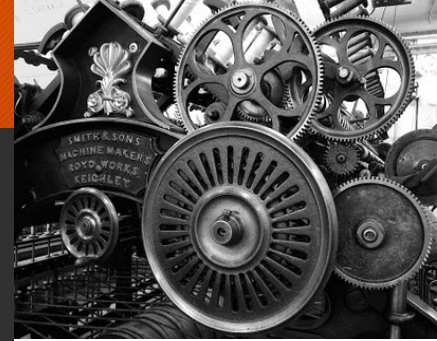

Basics of Technology

- Cameras:
 - Surveillance Cameras
 - Facial Recognition
 - Automatic License Plate Recognition
 - Body Worn Cameras

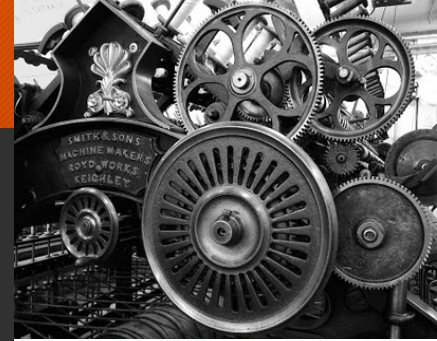

Basics of Technology

- Automatic Door Locking Systems
- Bulletproof Glass Film
- Social Media
 - Marketing your Department
- Virtual and Augmented Reality

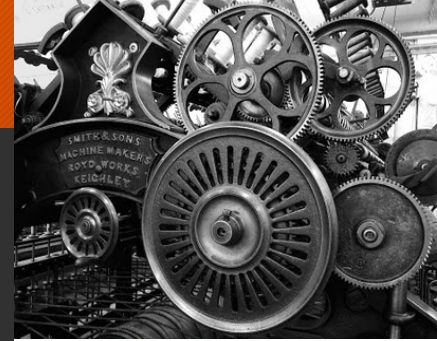

Virtual and Augmented Reality

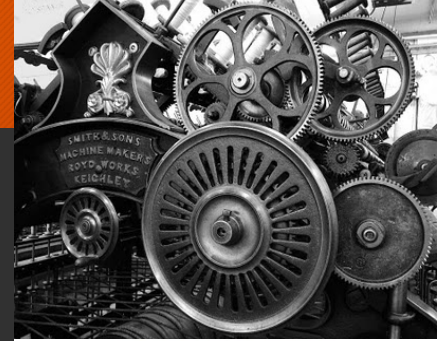

The Future of Technology

- **Handheld Lasers-** Determine the chemical composition of an unknown substance.
- **Thermal Imaging-** Locates suspects hiding in a dark building.
- **Gunshot Detection Systems-** Shows where gunshots have been fired.

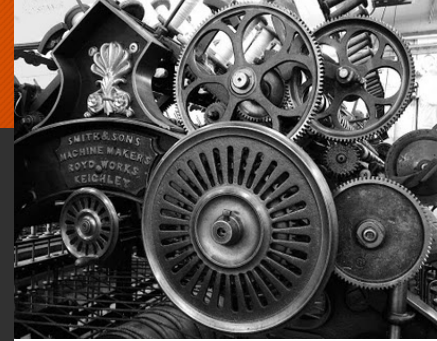

The Future of Technology

The Future of Technology

- Drones-

- How many drones pass over your campus in a day?
- How many drones pass over your campus in a year?
- Example: Hurricane Harvey
